Positive youth development for siblings in foster care:

Bringing developmental intervention science to child welfare systems

Assistant Professor Waid will provide an overview of positive youth development and its applicability to child welfare systems through a discussion of research he conducts with Camp To Belong, an international multi-site positive youth development program for siblings separated by foster care.

April 20, 2018

11.30am – 1.00pm | Nolte Center Room 140

Register at: <https://z.umn.edu/lunchseries>
Light lunch included. Limited seats, please RSVP.

Jeffrey Waid, Ph.D. is an Assistant Professor at the University of Minnesota's School of Social Work. He also maintains an Affiliated Faculty appointment with the Institute for Translational Research in Children's Mental Health. His research focuses on the prevention of maltreatment related mental and behavioral health disorders and novel approaches to intervention with at-risk children and families.
